

LCA BOARD POLICY 2016-1

Lakes Boat Launch Policy

Purpose of Lakes Boat Launch Policy:

The purpose of this policy is to prevent invasive species introduction into the lake by transfer from boats that have been on other infested or potentially infested waters.

POLICY:

Any resident who launches a boat into the lake will attest on Form 2016A, each day that the boat is launched, that his/her boat has been:

- Cleaned, drained, and dried (process based upon current Arizona Game and Fish Department recommendations).

LCA will provide education on Form 2016A so homeowners who launch boats will be aware of those conditions that may increase the risk of transfer of invasive species into the lake from other bodies of water and how to decontaminate their boats and trailers.

Any homeowner refusing to fill out Form 2016A will not be permitted to launch a boat.

Approved by Resolution on June 22, 2016 by the Board of Directors.
